Vacancy for Programme Officer – CoDA/AU-HLP on IFFs from Africa Secretariat

Programme and Technical Support to the Secretariat of CoDA / AU-High Level Panel on Illicit Financial Flows (IFFs) from Africa

Publication date: 24 July, 2023
Closing date: 07 August, 2023
The Coalition for Dialogue on Africa (CoDA) is an independent, international, African-owned forum that identifies and discusses issues of importance to Africa’s development within a global context. It is policy-oriented, and works in collaboration with other African and Non-African stakeholders to advance and advocate Africa’s development agendas. CoDA operates as a special initiative of the following Pan-African institutions: the African Union Commission (AUC), the African Development Bank (AfDB), the African Import-Export Bank (AFREXIMBANK) and the United Nations Economic Commission for Africa (ECA). It sets a premium on convening informal and inclusive dialogue on niche issues between diverse and influential groups of stakeholders (including government leaders, policy makers, civil society, the private sector and media) and advocating their recommendations effectively to influence policy. In addition to this, the institution aims to build strong partnerships and synergies with leading African research institutions with the objective of grounding its work on solid precise findings. CoDA’s priority areas are determined annually by its Board of Directors. These currently include support to Africa’s agendas on Regional Integration, Domestic Resource Mobilization (DRM), Public and Population Health as well as Democratic Governance.

In line with its work on DRM, CoDA is the also the Secretariat of the African Union (AU) High Level Panel (AU-HLP) on Illicit Financial Flows (IFFs) from Africa and is part of the Joint Secretariat of the Consortium to Stem IFFs from Africa (together with the Department of Economic Development, Trade, Industry, and Mining (ETIM) of the AUC). By way of background, African leaders endorsed the HLP Report and passed an AU Special Declaration on IFFs from Africa (Assembly/AU/Decl.5. (XXIV)). The Special Declaration noted in particular that IFFs constitute a drain on the resources required for Africa’s development, particularly given the domestic resource requirements for actualizing AU Agenda 2063 and the Post 2015 Development Agenda. The Special Declaration also called on African Governments to take steps to curtail these flows through, among others, institutionalizing prudent legal and regulatory regimes, including fiscal policies that disallow financial secrecy, fight corruption, strengthen African institutions, build African member states’ capacity for contract negotiation and tax administration and identify and return the resources lost through illicit financial flows to finance Africa’s development agenda. Acting on this mandate, the Secretariat of the High-Level Panel on IFFs from Africa (CoDA) supports the Panel and its various working groups. On its own, CoDA also delivers support to Africa’s Domestic Revenue Mobilization efforts in line with its Board-approved continental agenda. Among other objectives, it focuses on contributing to the urgent continental need to design robust tax policy frameworks which strengthen Africa’s capacity to fund its own development policies and priorities.

With regards to the advancement and implementation of this aforementioned initiatives and in support of CoDA’s work including the efficient functioning of its Secretariat, the services of a viable Programme Officer with the relevant knowledge and experience are now needed.
